

A FEW THINGS STRAIGHT

The love of men for men is hot and strong:

It won't be satisfied for long.

The love of men for men is seen in public places

Where gay guys show their frisky faces.

The love of men for men is friendly and warm:

A hearth during a thunderstorm.

The love of men for men is from the heart:

Sometimes it rips a guy apart.

The love of men for men is from the soul:

Men who love men need men to make them whole.

The love of men for men will never die:

You cannot kill us if you try.
