

SMOKING MAKES ME FEEL GROWN-UP

Smoking makes me feel grown-up,
Smoking makes me mature.
That really helps in those moments
That make a person insecure.
A boy walks by,
I'm feeling shy,
I don't know what to do with my hands.
That's when smoking makes me feel grown-up.
Smoking, I'm your biggest fan!

Smoking makes me feel grown-up,
Smoking makes me look cool.
Now I have something in common
With all the neatest kids in school.
Our favorite brands
Within our hands
Are reason for us to feel proud.
Cause smoking makes me feel grown-up,
Running with the grown-up crowd.

When I smoke it's like a declaration
With each puff and every exhalation:
Make way for the rising generation,
I'm not a kid anymore!

Smoking makes me feel grown-up.
In this transitional stage,
Smoking's my one way to cope with
The pressures of an awkward age.
Without my smoke,
There's be no hope:
I'd have to put my life on hold.
Cause smoking makes me feel grown-up,
Even though I'm nine years old.
